Livio Angileri

Hair

Growing up in Italy, Livio was destined to become a hairstylist. Inspired and encouraged by both his godfather and uncle, as well as the pages of Vogue magazine, Livio came to Los Angeles in the early 1990's and started to work with Hollywood's best.

"I had a dream to work in the fashion and beauty business." That dream only took a couple of years to come to fruition. Working with the likes of Sharon Stone, Mandy Moore & Kirsten Dunst, Livio was totally living the American dream and more!

He finally had the opportunity to go to New York on a job with a celebrity client. He was hooked immediately and decided it was time to expand his creativity and move there. His work has also taken him to Paris and beyond where he now has a bigger sense of where his fashion roots came from.

Livio now divides his time between New York & Los Angeles.
